Grubstake mining has increased the gold production of Chile about seven times in the past nine years.

The United States Forest Service is using a portable radio transmitter smaller than a loaf of bread.

Cowbirds do not build nests but lay eggs in nests of other birds, which unknowingly raise the cowbird young.

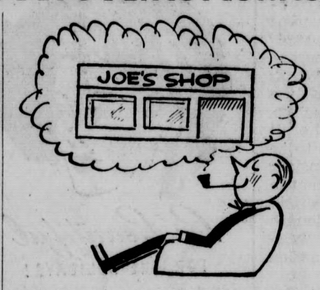
83 YEARS OF SERVICE TO HOMES AND INDUSTRY

Johns-Manville Journal

JOHNS MANVILLE JM PRODUCTS

Give Thanks We Are Americans

All Of Us Here Can Dream and Plan For Ourselves and Families



Let's give thanks we live in America where every man alive may still choose his own work and dream his own dreams.

Even if some of our dreams and plans are air-castles, there's no law against 'em.

The humblest worker in this land of ours can think ahead to the day when he may invest in the company for which he works or when he may own his own shop or business and employ several or many helpers, and give his family a comfortable home, and his children a real education.

In Europe today, no man owns five minutes of his own time or five cents of his own money. The first thing that a dictatorship does is take over control of business, of labor erase the rights of the individual worker and abolish any organization to which he may belong.

The worker there is no longer a man, but a puppet.

He can not dream and work for better things because his position is fixed forever by the state. Trying to get ahead and thinking for himself are sins often punishable by death.

But during this Thanksgiving season in America, nothing but the sky is the limit to our dreams and possibilities.

No dictatorial man-owner has sawed the ladder off above us yet, in spite of schemers posing as leaders who have used freedom in an attempt to gain their selfish ends.

Let us give thanks that Americans are still free and let us rededicate ourselves to the fight to keep them so.

J-M FAMILY ALBUM

IT'S FOR DEFENSE—Albert Bohem, Sr., and Roy Herron, painters in the Maintenance Department at J-M's Manville (N. J.) plant, are shown preparing drum containers which are being used in the "Salvage For Defense" drive at the plant. The containers have been so placed that some can be used for paper, others for wire and still others for waste material common to each department.

King's Ransom For a Napkin

Three hundred years ago Ferdinand, King of Hungary and Bohemia, paid a king's ransom for a napkin made of asbestos. Ferdinand amused his guests by "washing" the napkin in a roaring fire and drawing it out unharmed.

In those days articles made from asbestos were rare. Today asbestos is used in hundreds of J-M products for the home and industry.

Salvage Plan Helps Defense

Last year more than $100.000 was saved by Johns-Manville in salvage operations at its plants and mines.

These salvage operations, which are a definite and continuing activity of J-M, are doubly important now because of the necessity of conserving materials for National Defense. Realizing this importance, the government has launched a nationwide drive against waste and has asked everybody, from housewives to big industries, to lend their support.

J-M is wholeheartedly supporting this drive. So that no materials, no matter how small are wasted in these critical times J-M has intensified its salvage efforts and many of its plants are conducting special campaigns against waste, loss and careless handling of materials.

Some of J-M's salvage operations include sorting and grading scrap metal for further use or sale, reclaiming cement, lumber and fiber bags, collecting waste paper and wire and many other materials that do not seem to amount to much when taken singly but are pretty big items in the course of a year.

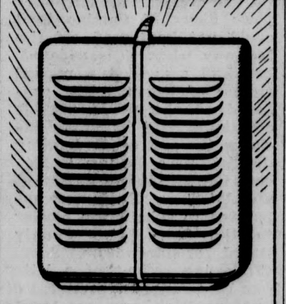
No Milk Price Increase Here

Although the state today authorized a half-cent a quart increase in the price of milk in San Francisco effective Dec. 1, the increase will not be reflected on the Peninsula, according to Frank Lee Crist, Palo Alto attorney representing dairy interests.

A factory making model airplanes will be built at Chengtu in the Chinese province of Szechwan. The plane models will be supplied to Chinese schools to arouse interest in aviation.

Quit shivering!

PLUG IN AN ELECTRIC HEATER



Of course you can take exercises to get warm. But that means time and energy. Thousands and thousands of Californians quit shivering the easy way. They plug in an electric heater. Quick as "scat" the heat is on. The heater above has a fan that puts out a flood of heat in a hurry. The more you use it the more you like it.

Laurel and Hardy Return!

They're in the army now . . . and is the navy glad! It's those two funsters, Stan Laurel and Oliver Hardy, who have beautiful Sheila Ryan just where they want her. Dick Nelson and Edmund MacDonald are also featured in their new 20th Century-Fox comedy, "Great Guns," which is slated to open Sunday at the Fox Sequoia Theater.

'Lydia' Opens at the Redwood

Merle Oberon in a dramatic scene from her newest picture "Lydia," which opens Sunday at the Redwood Theater, for its first showing in this city. Merle Oberon as "Lydia" even surpasses her great performance in "Wuthering Heights." Companion feature also shown for its first time in this city is "Hurricane Smith" starring Ray Middleton and Jane Wyatt.

Damages Denied In Pedestrian Death

After four days of trial, a jury in Judge A. R. Cotton's department of superior court late Tuesday found for the defendants in a $75,000 suit arising from San Mateo County's first 1941 automobile accident fatality.

Reyna Bernal, 14, and her brother, Rudolph, 18, sued Lawrence J. Welch, 36, Cerrito Ave., and Clarence E. Bunyard, 418 E. Brewster, Redwood City, for the death of their father, Fermin Bernal. Mr. Bernal was a resident of San Francisco and an employe of a South San Francisco paint firm. He was walking along Woodside Rd. near Hudson St. Jan. 4 when struck by Bunyard's car, driven by Welch.

The defense contended that Mr. Bernal was walking along the wrong side of the highway. The jury was out 30 minutes.

The elephant painting on the walls of the Chicago Sportsman's Club has real ears taken from an African elephant.

With the new 200-inch telescope, man hopes to see into space a distance of 2,000,000,000,000,000,000,000 miles.

Belling of Cats Proposed To Save Wild Bird Life

A general drive to have all house cats in San Mateo County belled is planned by the Redwood City Junior Fish and Game Patrol, it was reported Monday by William Huggins, publicity chairman of the group, at the annual dinner of the Peninsula Sportsmen's Club of Burlingame and San Mateo held in San Mateo.

"Cats are one of the most dangerous of predatory animals to wild bird life," young Huggins said, "and the annual toll they take from the quail of San Mateo County is a large one. The Junior Game Patrol has started a drive to eliminate the wild house cats of the county hills and has been successful to some extent to date, but we need the help of the county officials and the Associated Sportsmen to eliminate entirely the wild house cat menace.

"If the cats were belled, any cat seen in the hills without a bell would obviously be unowned and would be considered their game as a predatory animal."

"A single wild house cat can stalk down and kill coveys of quail," it was reported by William F. Klose of San Carlos, who exhibited his tame California valley cock quail to the assembly. He cited instances of San Franciscans putting their unwanted cats out in the hills of this county and said that San Mateo County is "a dumping ground for San Francisco cats."

Officers of the Sportsmen's Clubs of the Bay Region and members of the State Fish and Game Commission explained the conservation activities of the sportsmen's clubs, and William T. Van Voris, principal of San Mateo High School and newly-elected president of the club, gave a summary of the conservation education program now being conducted in the San Mateo County schools.

The meeting was attended by 150 members and officials of sportsmen's clubs from all over California and by city and county officials, including County Executive Frederick Peterson, Chairman of the Board of Supervisors Fred E. Beer, Frank P. Simmen, mayor of San Mateo; Dist. Atty. Gilbert D. Ferrell, and Supervisor Thomas L. Hickey.

Robert Brooks Winner; Phillip Zeitman Second

The final vote count has been made in the Product Label Contest and the Tribune has announced names of the successful contestants.

An avalanche of votes pouring into this newspaper office during the last two weeks of the contest gave the contest editor many busy hours in compiling the final tally. Total votes cast were 1,553,740.

Winner of the contest and the $75 first prize is Robert Brooks, 534 Hudson St. He amassed a total of 327,788 votes.

Winner of the second prize of $25 is Phillip Zeitman, 518 Grand St. His vote total was 272,645.

Third place winner is John Nunes, 425 Beresford Ave. For his 222,185 votes, he receives $10.

Raymond Carino, 505 Redwood Ave., wins fourth prize of $5 for his 92,571 votes.

The next four winners, who receive $2.50 each, are Harry Barrientos (19,121 votes); Betty Kenzer (16,197 votes); Mary Thomas (14,581 votes), and John Porter (13,953 votes).

Checks will be mailed to the winning contestants.

Thanks are extended by the Tribune to all contestants, including those who worked hard but failed to reach the winners' circle.

World Affairs Books Listed

In order to understand more fully the world today and the ever changing reports from the nations at war, the Redwood City Public Library has prepared a list of recent books dealing with all aspects of the situation. This list includes books dealing with the background of American life and culture and the forces of democracy and defense at work here in this country.

"By reading these outstanding books the citizen may learn what is happening in world affairs today," said Miss Wilhelmina Harper, librarian, in announcing the list as follows:

Abend, Japan Unmasked.

Adamic, Two-Way Passage (a challenge to the American present).

Baldwin, What the Citizen Should Know About the Navy.

Baldwin, United We Stand (defense of the Western Hemisphere).

Biddle, Women of England.

Brand, British Labour's Rise to Power.

Brodie, Sea Power in the Machine Age.

Casey, I Can't Forget. (A crack newspaper correspondent records his war experiences.)

Chamberlin, The World's Iron Age. (Analysis of the fall of France.)

Cheradame, Defense of the Americas.

Cowles, Looking for Trouble. (Eye-witness account of the recent wars.)

Dos Passos, The Ground We Stand On. (Study of the early influences which formed American life.)

Forbes-Robertson, War Letters From Britain.

Ford, What the Citizen Should Know About the Army.

Gayn, The Fight for the Pacific.

Gordon, Workers Before and After Lenin.

Gunther, Inside Latin America.

Habe, A Thousand Shall Fall. (A soldier's story of the battle against Germany.)

Harsch, Pattern of Conquest. (Appraisal of Germany's weakness and strength.)

Hindus, Hitler Cannot Conquer Russia.

Ingersoll, America Is Worth Fighting For.

Kernan, France on Berlin Time.

Kraus, The Men Around Churchill.

Lattimore, Mongol Journeys.

Morgan, Spurs on the Boot. (Inside story of Italy.)

Parkes, Recent America.

Perkins, Hands Off! (History of the Monroe Doctrine.)

Powell, What the Citizen Should Know About the Coast Guard.

Pratt, America and Total War.

Puleston, The Armed Forces of the Pacific.

Shepardson, World Affairs in 1940.

Sprout, Toward a New Order of Sea Power.

Stowe, No Other Road to Freedom.

Strachey, Digging for Mrs. Miller. (Experiences of a London air-raid warden.)

Strode, Finland Forever.

Van Paasen, That Day Alone. (The new era toward which we travel.)

Werner, Battle for the World.

Wheeler - Nicholson, America Can Win.

Williams, Democracy's Battle.

CAMPBELL RITES SET

Change Asked In State Plans

MENLO PARK—In response to protests from residents of the Stanford Park area the Menlo Park City Council last Tuesday voted to seek a conference with representatives of the State Highway Commission in an effort to secure a reversal of plans to prohibit left turns from several Stanford Park streets onto El Camino Real after the highway is widened.

The council at its previous meeting had agreed to approve the state's plans for the highway widening in their entirety, but changed its stand after 35 persons appeared to voice disapproval of the proposed state action.

Representatives of the Stanford Park section said the prohibition of left turns from the streets involved would not only be an inconvenience to property owners, but would be a hazard in that traffic would be forced onto already overcrowded streets.

Members of the group agreed that virtual closing of the streets to the highway would be detrimental to property values and to the business section in the Stanford Park area.

TO SEEK MEETING

The council authorized the city clerk to write the State Highway Commission to request that a representative meet with the council to discuss the matter.

Final approval of an ordinance to change the name of Laurel Dr. to Felton Dr. and to create a new street, Felton Pl., was given by the council. The name change will not go into effect until Jan. 1, 1942. A proposal to change house numbers on the street was tabled pending further investigation.

City Atty. James T. O'Keefe Jr. ruled that a petition, filed at the last meeting and asking condemnation of a building at Oak Grove Ave. and Chestnut St., was incomplete and suggested that it be returned to the eight signers for additional details. The recommendation was followed.

The city attorney also ruled that the city could legally grant permission for the construction of a building as a meeting place for Boy Scouts and Girl Scouts. The ruling was in answer to a letter written by Mrs. Rosalie H. Worthman asking the right to build such a building. The matter was referred to Recreation Comsn. James E. Cooper.

NO STREET DISCUSSION

Although Councilman Paul Bryant moved to discuss the master plan of streets which has been before the council for several months, no second was given and the motion was dropped.

Councilman Cooper said:

"I've been discussing this for eight years. I want to vote on it, not discuss it."

Councilman Bryant reported the Pacific Gas and Electric Co. had decided that the power poles along El Camino Real could not be moved off the highway when it is widened, but had suggested a revised system of lighting. The proposed change would provide additional light, but would increase the cost to the lighting district, necessitating a 2½-cent tax rate increase. Bryant and Attorney O'Keefe were appointed to submit the matter to the San Mateo County Board of Supervisors.

Following receipt of a letter from David Ingram, president of the Menlo Park Insurance Agents Association, the council voted to appoint the organization as the city's insurance agent. The local group was organized recently in order to give each agent a portion of the city's business.

South America is rapidly becoming a producer of many things for the American home's pantry. Chile, for example, is offering olive oil, a Gorganzola-type cheese and a "Rhine" wine.

Work Project Considered

BELMONT—In a brief meeting at the city hall Monday, Belmont City Council discussed two long-range plans, incorporation of Bayview Heights into the city limits, leading to consolidation of the sanitary district, and possibility of improving Ralston Ave. as part of a work project to relieve unemployment following the defense boom.

Within the next few days, the council will invite residents of Bayview Heights, a residential area of about 40 homes immediately adjoining Belmont, to a special meeting. Although Bayview Heights is at present part of the local fire district, it is not entitled to police protection from Belmont.

Councilmen hope that by joining the two areas, the current efforts at consolidating the sanitary district will also progress.

A letter from the Public Works Reserve, federal agency with a branch located in San Francisco, proposed to the council that it outline possible civic work to be done after the war, and consider co-operation with the agency in event of an unemployment crisis. Council discussed at some length improvements needed on Ralston Ave., but no definite action was taken.

Sheriff's Radio To Be Ready Soon

KRGX, short-wave radio station for the San Mateo County sheriff, will be in operation next week, it was predicted today. Test messages have been logged for the past three days, and five of the six cars to be radio-equipped are ready for service. Ralph Stubbe of Redwood City will operate the station. It operates on 1674 kilocycles.

Tung trees, first introduced into Argentina in 1925, now number 371,000 in that country.

Devil's Slide Claims Life of San Franciscan

Precipitous Devil's Slide between Montara and Sharp Park on the San Mateo County Coastside claimed a life Sunday when Henry Schindel, 47, San Francisco, was swept out to sea before the horrified eyes of his wife and 16-year-old stepdaughter.

One of six coast guardsmen was injured as they attempted to launch their dory in the rough surf at Pedro Point to seach for the body. The boat was overturned, crashing down on Coxswain Ralph P. Towne, who was taken to Marine Hospital suffering with two fractured ribs. The other members of the crew swam safely to shore, righted the boat and launched it.

According to Dep. Sheriff Al Coe, Schindel had climbed down the sheer 250-toot slide in search of mussels when he lost his footing. He fought the waves for 20 minutes before he was carried about an eighth of a mile off shore. He reported that the body had disappeared long before the arrival of the guard. The dory crew came from the Golden Gate Station and a power boat was dispatched from Ft. Point. Schindel's body was not recovered.

Mrs. Schindel and the stepdaughter, Patricia Meadows, watched the accident.

PROPER NUTRITION MEANS GOOD HEALTH!

Government health authorities have proved beyond a doubt that America is undernourished! At the same time, advanced research in nutrition has developed information which can considerably improve the health and spirit of every normal person. Here, then, is the need and the opportunity for every American housewife to help build a healthier, stronger Nation!

To help you prepare meals that are *both nutritious and attractive*, the Homemakers' Bureau has prepared a correspondence course, "Kitchen Course in Nutrition." There are ten easy lessons, one each week.

"Kitchen Course in Nutrition" is Safeway's contribution in response to the Government's request for co-operation in building a healthier, stronger Nation.

Clip the coupon below and start your family on the road to better health. Do it today! And tell your neighbors about this great opportunity. Let's join together to build a better America with more nutritious foods.

Post-Game Fight Brings Charges

A legal aftermath of a fight that followed the Thanksgiving Day football game in Palo Alto between Palo Alto and Sequoia High Schools developed Tuesday.

Donald L. Bogie, vice principal of the Redwood City school, swore to complaints charging three former students of his school with disturbing the peace on the Palo Alto High School grounds.

The youths, George Tracy of 1272 El Camino Real, Menlo Park, a boxer; Willis Glidden of 1037 Capuchino Ave., Burlingame; and Rodger Hirschmiller of 430 Fourth St., Redwood City, will appear before Municipal Judge John E. Springer of Palo Alto. No date has been set for the hearing.

The altercation broke out as Palo Alto students collapsed the goal posts on the football field and prepared to carry them into the storeroom. In the scuffle, Jim Bloom was knocked unconscious and Morris Gustine suffered a broken nose, according to police versions of the incident. Both are Palo Alto High School students.

If all buttons made in the U. S. in a year were distributed equally among the population, every person would have 187.

San Marino, in the heart of Italy, claims to be the oldest state in Europe and to have been founded in the fourth century.

Playthings, Cash Asked To Bring Merry Christmas For Needy R.C. Children

Santa Claus isn't going to forget Redwood City's needy children this year—at least not if he gets the co-operation from the general public that he has already been assured by several individuals and organizations.

Which is just another way of saying that the Community Toystack will be formed again this year, under sponsorship of the Tribune. How large the toystack will grow will depend on generosity of the public in turning in new or used toys or cash for it.

Some toys have already come in, but dozens—yes, hundreds—more will be needed if this Christmas is anything like that of previous years.

Aid has already been assured for the toystack from the Redwood City Recreational Department, which is permitting use of its building (old library building) for the stack; by the Boy Scouts, who have volunteered to gather up toys from people unable to bring them in, and from a number of individuals.

However, unless some individual or group offers to repair toys, only usable ones can be accepted, for no one has as yet been found who will undertake repair or painting of toys other than dolls this year.

Generosity of two women who have volunteered their services to repair or dress dolls will assure this phase of the work being cared for, however. Mrs. A. T. Pumerlo, Palo Alto real estate broker who lives on Placitas Ave., Atherton, and Mrs. Arthur Green, 524 Adams St., Redwood City, have offered to dress dolls. As a result, dolls that can be rehabilitated will be welcomed for the toystack.

Toys may be left at the recreation building, Broadway at Middlefield Rd., which will be open daily from 3:30 to 5:30 p.m. During other hours, toys may be left at the front door of the building if it is not open.

Collection of toys from householders will be made a week from Saturday (Dec. 6) by Boy Scouts. People having toys they want picked up should telephone the Tribune (Redwood 2000) before that date.

Cash contributions will be especially welcome this year because the lack of repairs for toys will likely mean that many more than usual will have to be purchased outright for age groups for whom no toys are contributed. Contributions may be sent to the Tribune. Checks should be made out to the Community Toystack Fund.

San Carlos AC Members Have Use of Gym

SAN CARLOS — San Carlos Athletic Club has the use of the Grammar School Gymnasium every Thursday evening from 7:30 to 10. Any member wishing to play basketball, volleyball, etc., may do so on Thursday nights.

Secret Navy Weapon

Device To Detect Planes, Ships at a Distance in Use

WASHINGTON—Existance of a secret navy weapon for use in detecting both ships and airplanes at great distances was disclosed in authoritative quarters today as the navy department called for increased enlistments for training in radio maintenance.

The device has been in use some time, according to the best available information, but has been a carefully guarded secret. Word of its existence leaked out in connection with the campaign of recruiting radio technicians, but navy officials declined all official discussion of it.

The recruiting campaign was disclosed in a letter issued to the recruiting service by Rear Adm. C. W. Nimitz, chief of the Bureau of Navigation, asking that special efforts be made to meet the demands of the expanding navy for trained radio experts.

To qualify, it was said, the men enlisting must have had experience in the design, construction and operation of amateur or commercial radio transmitting and receiving equipment or they may have had experience with television or cathode ray equipment.

The nature of the detection device remained a naval secret.

Robert Emery Is Promoted

Mrs. Emma R. Emery of 1444 El Camino Real, Menlo Park, has received word of the promotion of her brother-in-law, A. Robert Emery, from colonel to brigadier general in command of Camp Wheeler, Macon, Ga.

General Emery is the older brother of the late Nathaniel W. Emery, who died at the Palo Alto Veterans Hospital in 1937. Camp Wheeler is a training center of which, according to superior officers, General Emery was "the builder."

The new general is the uncle of Nathaniel Emery Jr. and Martha Louise Emery.

Robert Love Receives New Assignment

CAMP GRANT, Ill.—Pvt. Robert J. Love, 903 Arguello St., Redwood City, has been assigned to Medical Detachment, 1607th CASU, Fort Sheridan, Ill., it was announced by Brig. Gen. John M. Willis, commanding general of Camp Grant.

Before receiving his new assignment Private Love completed 13 weeks basic medical training in Camp Grant.

Mushrooms are coming out of the luxury class with a new dehydrated culture mushroom sauce, 12 tablespoons of which equal a pound of fresh mushrooms.

Katharine Hepburn left Bryn Mawr College to begin her stage career.

Francis Wildman

Local Youth Now in New Iceland Camp

More letters from Francis Wildman, son of Mrs. Crampton Wildman of 1 Duane St., reveal that he has moved to a new camp. He is with the Marines in Iceland.

The new camp is about 20 miles by road and nine miles by water from Reykjavik. Lights of the town can be seen at night, he writes, and he can go to town about twice a week if he desires. The camp, a large one, is located on the tip of a peninsula.

It is colder there, Francis says, and the wind blows harder than at the old camp at Halogoland. Kerosene and gasoline lamps are used at nights for light. There is more entertainment at the new location.

And for Saturday nights baths—or whenever the mariners take them—Francis has to walk a half mile for a shower. In one of his letters he told that baths were taken in buckets.

Francis was fascinated after observing the Northern Lights. "It is the most beautiful display that I have seen," he wrote. "G—reenish in color; just row on row—about four of them—in the same waving curtain. They looked to be miles and miles long—some of them. The heavens were just hung with festoons, as for a New Year's party."

Air raid warnings were given while he was writing one of his letters to his mother and his brother Jack, and he had to go to all the huts to relay the signals. The excitement soon ceased, however, and he continued his letter.

Land tax in the Chinese province of Kwangtung is being paid in kind for the first time in the history of the region.

Richard Heald Visits Parents Here

Richard Heald, a graduate of Sequoia High School with the class of '38 who is stationed on the USS Perkins, has been visiting his parents, Mr. and Mrs. C. H. Heald, on Jackson St., and friends in Redwood City. The ship on which Heald is aboard is now in San Francisco and is expected to sail about the middle of December.

Francis Servelle Gets Release

Pvt. Francis P. Servelle, 1104 Jefferson Ave., Redwood City, who has been stationed in Company H, 185th Infantry Regiment, has been released from active military service, according to a report from the public relations department of Camp San Luis Obispo.

He has received his "Certificate of Service" for having honorably served in active federal service in the Army of the United States, and has been transferred in grade and specialist rating to the Enlisted Reserve Corps. His release was in conformity with the Service Extension Act of 1941.

Joseph M. Schenck, movie producer, once was a clerk in a drug store on the Bowery, New York.

Persistent? Well, He Got Into Marines

BOISE, Idaho — Six times William K. Hodge traveled to the West Coast seeking enlistment in the marines. Six times—in Portland, Seattle and other points, they turned him down.

He made a seventh trip. The folks have a wire from San Diego, Calif. Willie's in.

New Cocktail Lounge Plans Opening Friday

Plans for opening of his new cocktail lounge on El Camino Real at Atherton were announced here by Jack Harris. The opening will take place this evening. A buffet lunch will be served and dancing will be enjoyed.

Senator Robert Rice Reynolds of North Carolina once operated a skating rink in Louisiana.

Power Line Removal Plans Near Completion

City Manager C. L. Dimmitt has announced plans to remove public utilities from the west to the east side of Bayshore Hwy. to serve homes near the city's municipal airport site. Already signed is a $3900 contract with P. G. & E. to remove one pole line. Dimmitt said he has obtained all but two of the necessary easements to relocate the poles. The work will require about a week, P. G. & E. officials said.

'Tony' Bertolucci Is Taken by Death

Antone Bertolucci of 1321 Hopkins Ave., Redwood City, proprietor of "Tony's Place," Main St. restaurant, died at his home Wednesday following an illness.

Mr. Bertolucci, who was 56, had lived here since 1910. He was the husband of Mrs. Rose Bertolucci, the father of Mrs. Olga Sposito of Redwood City and Mrs. Dora Lydia Brant of Menlo Park, and the brother of Joe and Samuel Bertolucci of Sacramento.

Encyclopedia Set Offered With Soap

A special offer has just been announced for all purchases of Scotch Granulated Soap. A complete set of 15 volumes of Nelson's Encyclopedia can now be obtained at only 89 cents a volume.

The first volume is offered for one cent and one Scotch Soap box top with the purchase of Volume Two at 89 cents. Each succeeding volume may be secured at a cost of 89 cents and one Scotch Soap box top.

Each volume contains 640 large three-column pages. The volumes are 6½ inches by 9½ inches in size and weigh 2¾ pounds. Every volume contains approximately three-quarters of a million words and hundreds of illustrations.

Local gracery firms are featuring Scotch Soap and this offer of Nelson's Encyclopedia beginning this week.

War conditions have adversely affected the important pineapple industry of British Malaya, according to the Department of Commerce.

Uncle Sam Farmers' Best Customer; 30 Marketing Centers Established

Uncle Sam, the American farmer's best individual customer, spends $750,000 a day every day in the year on foodstuffs for his army.

To afford the best possible facilities in handling these immense sales, it is announced that 30 regional marketing centers are being established throughout the country where producers may sell direct or through community or farm cooperatives. In this manner the Quartermaster Corps bought 750 tons of turkey together with all the trimmings for the soldiers' Thanksgiving dinner, and just now Uncle Sam is stocking up for the Christmas holidays and all the hearty meals that will come in between.

Through the marketing centers it is declared that Uncle Sam and the millions of American farmers will get better acquainted. Uncle Sam will get fresh produce of the highest quality and the farmers will get higher prices. An example of the volume of goods taken by the army is reported in recent requisitions for rations during the autumn maneuvers in the Carolinas where the purchases in Columbia and Wellington marketing centers included: 2,600,000 dozen of eggs, 1,600,000 pounds of butter, 420,000 pounds of cheese, 315,000 pounds of turkey and 704,000 pounds of chicken.

At the same time a program has been announced for the purchase of a large part of the seasonal output of local canneries, smaller industries situated in the various fruit and vegetable growing regions. These district purchases will augment the recent buying of 126,000,000 cans of vegetables through the Chicago Quartermaster Depot.

Of the 50,000 horses and mules doing their bit in the army the great majority of these equine recruits were brought from the farms within the last few months, the purchases amounting to $239,372. The spring program calls for a still greater number of riding horses and draught animals.

From all sections of the country come reports that Uncle Sam's marketbasket is a symbol of prosperity on the farm.

Draft Boards To Recheck All Classes of Selectees

San Mateo County draft boards today faced the task of rechecking all classifications except those involving complete physical disability.

Special instructions for the recheck were given at a meeting of 400 draft board officials in the San Francisco Armory Tuesday Keynote of the session was a warning to all registrants that they must advise their draft boards of any changes in dependency status or face prosecution for violation of their registration oaths.

Representatives of defense industries, including Bethlehem Steel Co., Western Pipe and Steel, and Southern Pacific, the Mare Island navy yards, as well as Bay Region police and fire departments were on hand to request draft boards to give deferment to specially trained personnel.

Gen. J. O. Donovan, state selective service chairman, conducted the meeting. Official army and navy delegates attended.

The Redwood City-San Carlos-Belmont board was represented by Chairman P. J. Kearns, Arthur V. Swift and Pat Frayne.

"No one registered for the draft is out of the immediate beck and call of selective service," Kearns warned. "It is the duty of every registrant to notify the board of any change of status as far as dependents are concerned. Any failure will result in serious consequences."

Speakers last night warned that every person married since the first registration day knew of the liability for military service. It was ruled that boards have the right to consider marriages in the possibility of intent to evade service.

In rechecking local registrations, the board chairman said the following rules would prevail: (1) All over 28 would be passed up for the time being, (2) all marriage exemptions will be reviewed in light of new instructions, and (3) all registrants not now in service will be asked to notify the board of any changes in dependency status immediately.

Polls Open On Friday

Ballots have been prepared and all is in readiness for Redwood City to vote today on candidates for "sheriff" and "judge" of the kangaroo court to be conducted here next year in connection with the Diamond Jubilee Celebration, according to Recreation Director Alfred Morton, who also is secretary of the Peninsula Celebration Association, sponsor of the jubilee fete.

Any citizen, whether legally registered for regular elections or not, may vote for one candidate for each office. A poll will be located at the Southern Pacific Station between 7 and 8:30 a.m.; at the Recreation Office, 2101 Broadway, from 10 a.m. to 1 p.m. and 2 to 5 p.m. In addition, Morton will take the ballot box and ballots down Broadway and Main St. for workers in stores to cast ballots.

20 Passengers Escape Blazing Greyhound Bus

BURLINGAME—While flames burned out the motor compartment and the entire rear-end, approximately 20 passengers on a San Mateo-San Francisco Greyhound bus which caught fire near the intersection of Broadway and Bayshore Hwy. about 10 a.m. Wednesday safely made their exit.

Cause of the fire was unknown, but Burlingame police said that it might have been started by a hot brake. The city's fire department extinguished the fire after a half-hour fight. Spread of the blaze into the passenger compartment was prevented, although smoke filled the entire bus.

Flames and billows of smoke came from the rear of the bus, which police reported was seriously damaged. A large crowd gathered quickly.

The driver was W. W. Maness, 237 Topaz Ave., Redwood City.

Among the latest additions for the army are the "cleansing stations" which are combination units for disinfecting clothing and providing bathing facilities for troops in the field.

Approximately 33,000 freight and passenger trains are operated daily by the railroads of the United States.

'Phone Firm Executive Resigns, Goes East

M. R. Sullivan, member of the board of directors and first vice president of the Pacific Telephone and Telegraph Co., has resigned from both positions to be effective Dec. 1. Sullivan has been elected a vice president of the American Telephone and Telegraph Co. with headquarters in New York.

F. D. Tellwright, vice president and recently promoted from his post as general manager of the company's Oregon area, will succeed Sullivan. Tellwright started in the plant department as a time keeper in Southern California in 1924, and advanced steadily through the ranks, in a wide range of positions — engineer, construction superintendent, and division plant supervisor — being appointed in 1938 chief engineer for the Washington-Idaho area and holding that position until January, 1941.

Rites Set For Massey

Funeral services were conducted from San Francisco Thursday for Ernest M. Massey, 60, of Redwood City, for 25 years secretary of the Market Street Railway Co. He died in a San Francisco hospital Saturday after a week's illness. He had lived in Redwood City for 19 years.

Mr. Massey, a native of New Zealand, came to the United States at the age of 12. He practiced law in San Francisco until the 1906 fire destroyed his office. He moved to Los Angeles, but soon returned to affiliate with the predecessors of the present San Francisco traction company.

Mr. Massey was also a director of the traction company, a director of the Oregon-California Light & Power Co., a member of the San Francisco Chamber of Commerce, Transportation Club and Pacific Railway Club.

He leaves a widow, Mrs. Grace Schwerin Massey; a son, Ernest M. Massey Jr.; a daughter, Elizabeth Massey, and a stepson, Harry Schwerin. All reside at 7 Frances Ln., Redwood City.

Mrs. Massey and Miss Massey were visiting relatives in New York when Mr. Massey died. They returned by airplane arriving yesterday.

With careful practice, anyone with vocal cords in normal condition can master the ventriloquist's art.

It's nice to economize. But money is only part of Greyhound thrift. You save wear on your car and wear on your nerves. Frequent schedules and fast service save your time.

Plans New Facilities

Plans for a $300,000 development at the Port of Redwood City were announced here by the Permanente Metals Corp., which at the same time was revealed to be the successor to the Permanente Corp., operator of a cement plant and magnesium factory near Los Altos.

With the building of new ship-loading facilities at the municipal harbor, Permanente will transfer to this port cement loading which has been done at Alameda. This will bring two additional ships to the local harbor as regular visitors.

YEAR'S NEGOTIATIONS

Announcement that construction of the facilities would thus be undertaken at once culminates more than a year of negotiations with the Permanente firm by Port Manager Leslie M. Rudy and port commissioners.

In fact, land on which the new facilities, consisting of cement silos and loading equipment, will be located was leased from the Port of Redwood City a year ago last Summer. Permanente has four acres of land under a 20-year lease which will bring in a total revenue of about $30,000 for the port in that period. One acre is occupied by the existing warehouse; the other three acres are located just west of the present port warehouse.

The development ties in with the $483,000 project for dredging and enlarging the waterways at the harbor which is now pending in Congress. The local project is one of 236 in a billion dollar rivers and harbors authorization bill which has been approved by the House Rivers and Harbors Committee. Consideration of the measure is expected in the house shortly after Jan. 1.

In the interest of this measure and also the Permanente project, Port Manager Rudy recently made a trip to Washington.

SIX SILOS PLANNED

The facilities which Permanente will build at the harbor will include six silos 72 feet high and 30 feet in diameter set on piling; pipe lines to the docks; surface level pump and unloading houses, and complementary equipment. Completion is expected by Mar. 1, 1942, at which time Permanente will start shipping cement through the local port to Pacific islands for use in construction of defense projects.

Manager Rudy estimated that more than 25,000 tons of cement a month will move through the port in addition to that being shipped here regularly by truck and loaded onto the freighter Waimea for shipment to the Hawaiian Islands. With revenue accruing to the port on the basis of the amount of cement handled, Rudy said that the revenues of the port will be "substantially increased."

The cement will be moved by truck to the port from the plant in the Los Altos hills.

It would be blown from the silos into the ships, just as the Waimea is now loaded monthly on its regular visits.
